Dear Roman,

Thank you for hosting the Network Workshops and Network meetings in Prague last week, and giving us a flavour of your excellent Czech hospitality. We very much appreciate the hard work and effort that you and Lenka put in to make it such a success.

We felt that the meetings worked well and provoked a very valuable exchange of thoughts and ideas. The contribution from the final members at the workshops was especially interesting, giving a very good insight into some of the ITS issues affecting the Czech Republic and other regions. Along with the discussions within the Network, the meetings highlighted the importance of the collaboration of all the players within the ITS sector.

We very much look forward to our future cooperation.

Kind regards,

Hermann Meyer
